OBJECTIVE

Second Year Computer Science and Engineering student at MIT World Peace University, looking for an internship in Data Analytics and similar fields. My aim is to gain hands on experience and contribute to meaningful projects while building foundational skills in Data Analytics and Technology.

SKILLS

Technical Skills:

Python, C, C++, HTML, SQL, Data Structures & Algorithms, Microsoft Office Suite

Managerial Skills:

Problem Solving, Team Collaboration, Leadership Skills, Verbal & Written Communication

EDUCATION

Bachelor of Technology – Computer Science and Engineering

MIT World Peace University, Pune, Maharashtra

2024–2028 | CGPA: **9.08**

Class XII – CBSE

Modern Vidya Niketan, Faridabad, Haryana

2023–2024 | **81.4%**

Class X – CBSE

Modern Vidya Niketan, Faridabad, Haryana

2021–2022 | **96.2%**

PROJECTS

Zubr-Class Hovercraft Prototype

- Built a hovercraft prototype using plastic bottles as the base structure.
- Implemented a propeller-based thrust system and servo-controlled rudder for steering.
- Explored concepts of aerodynamics, buoyancy, and mechanical control.
- Investigated potential applications in disaster relief and remote logistics.

EXPERIENCE

Technical Learning & Programming Practice

Self-Learning | Aug 2024 – Present

- Developing foundational knowledge of data structures, algorithms, and logical programming.
- Writing programs in Python, C, and C++ for problem solving and automation tasks.
- Practicing SQL queries for database operations and data management.
- Creating basic web pages using HTML and exploring concepts in data analytics and software development.

INTERESTS

Extracurricular Activities: An avid reader, a skilled badminton player, passionate about swimming and playing synthesizer, tried hands on theatre as well.
